

## New Member Spotlight: L-Tech Enterprises and PCMAC, 3834 W. Berteau Avenue

Established in 1992, L-Tech Enterprises and PCMAC have been servicing the Information Technology (IT) needs of Chicago businesses for over 18 years. The company was founded by David

Lasley, a former Director of Information Services for two local hospitals and a surgery center.

"Our company has grown from an individual consultancy to a comprehensive Information Technology Service Center," says Lasley. L-Tech provides city-wide business clients network design, wiring services, security system sales, Wi-Fi sales, repairs and web design. The company's newest endeavor, PCMAC, is a full service computer re-

pair and retail store that opened its doors to the public in November, 2009.

L-Tech's Director of Operations, Alex Tichenor, notes, "On the corner of Elston and Berteau Avenues, PCMAC has brought a comprehensive Information Technology Service Center to residents and businesses on the northwest side of Chicago." PCMAC, an acronym for "Professional Computer Maintenance and Care" services, repairs and sells both Apple and PC computers and accessories. PCMAC offers education services and in-home installations and support.

L-Tech and PCMAC's mission is to enhance their client's quality of life and improve their profitability by providing them the ability to communicate and exchange information in a more efficient and productive manner. L-Tech and PCMAC offer honesty, integrity, unparalleled service, quality products, attention to detail and establish lasting relationships with clients.

A free service L-Tech offers to all prospective clients is a free computer and network audit. This audit includes: an analysis of IT investments in relation to business goals, identification of performance bottlenecks of the network and systems, a detailed hardware and software asset report, an analysis of internet connectivity and remote capability, and project of future IT related needs. L-Tech provides this free service to its new and prospective clients in order to establish a lasting relationship.

The hours of operation for L-Tech and PCMAC are Monday through Friday: 9am-7pm, Saturday: 10am-8pm, and Sunday by appointment.
